

## Hand Forged Pewter Tudor Lever on Latch Backplate

### Product Images

---

## Description

---

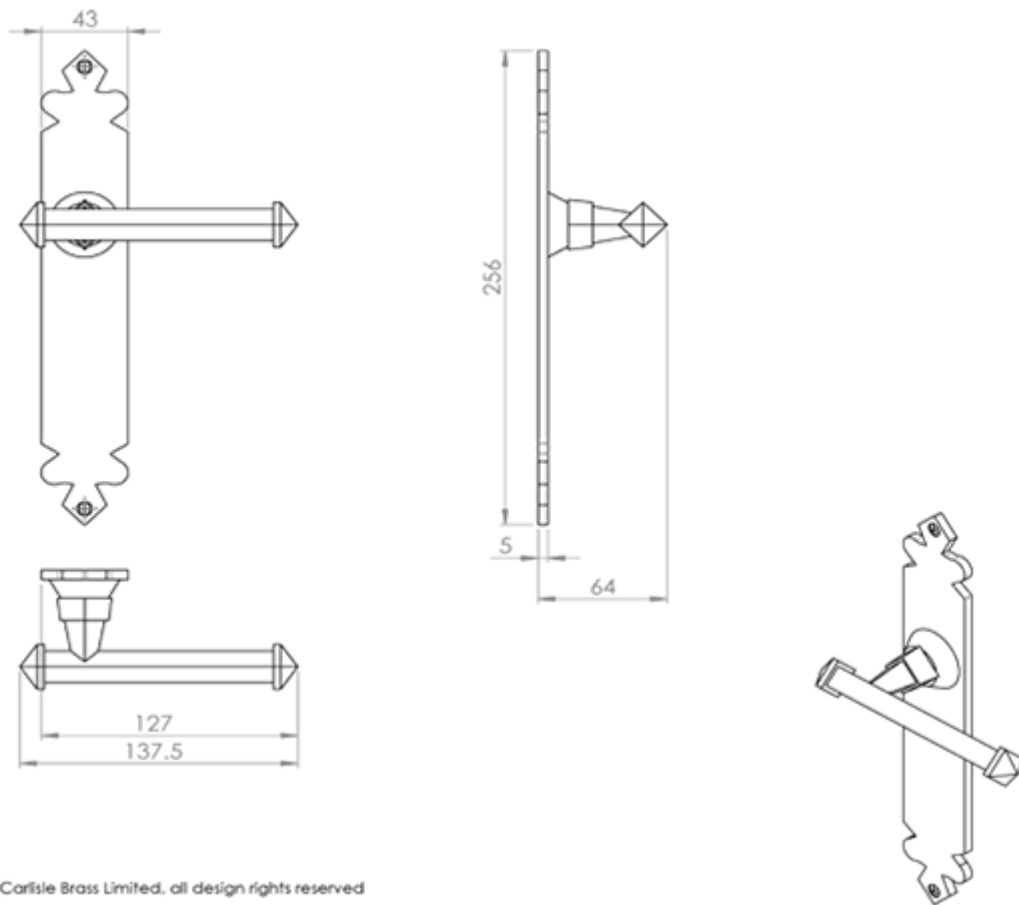

Lever on latch backplate. Square straight lever with pinnacle ends. The handle sits on a rectangular backplate with Tudor motifs top and bottom. The rustic old fashioned styling is more suitable for period properties. To create this unique finish, it is electro plated and then stove lacquered making it extremely durable both internally and externally. If a natural metal look with a virtually maintenance free finish is required, then this pewter effect is the logical choice. Comes with a 10 year mechanical guarantee. Please note this is not suitable for coastal locations.
