

## Hand Forged Beeswax Bean D Handle

### Product Images

---

### Description

---

Hand forged arched D handle on flat oval shaped ends. Best suited to period properties or restoration projects on cottages, listed buildings and country homes. The Beeswax finish is the simple, age-old combination of hand forged fired metal finished with wax. The product will acquire its own unique patina over years of use. Comes with a 10 year mechanical guarantee. Not suitable for external use.
