

Hand Forged Pewter Shepherds Crook Straight Bolt

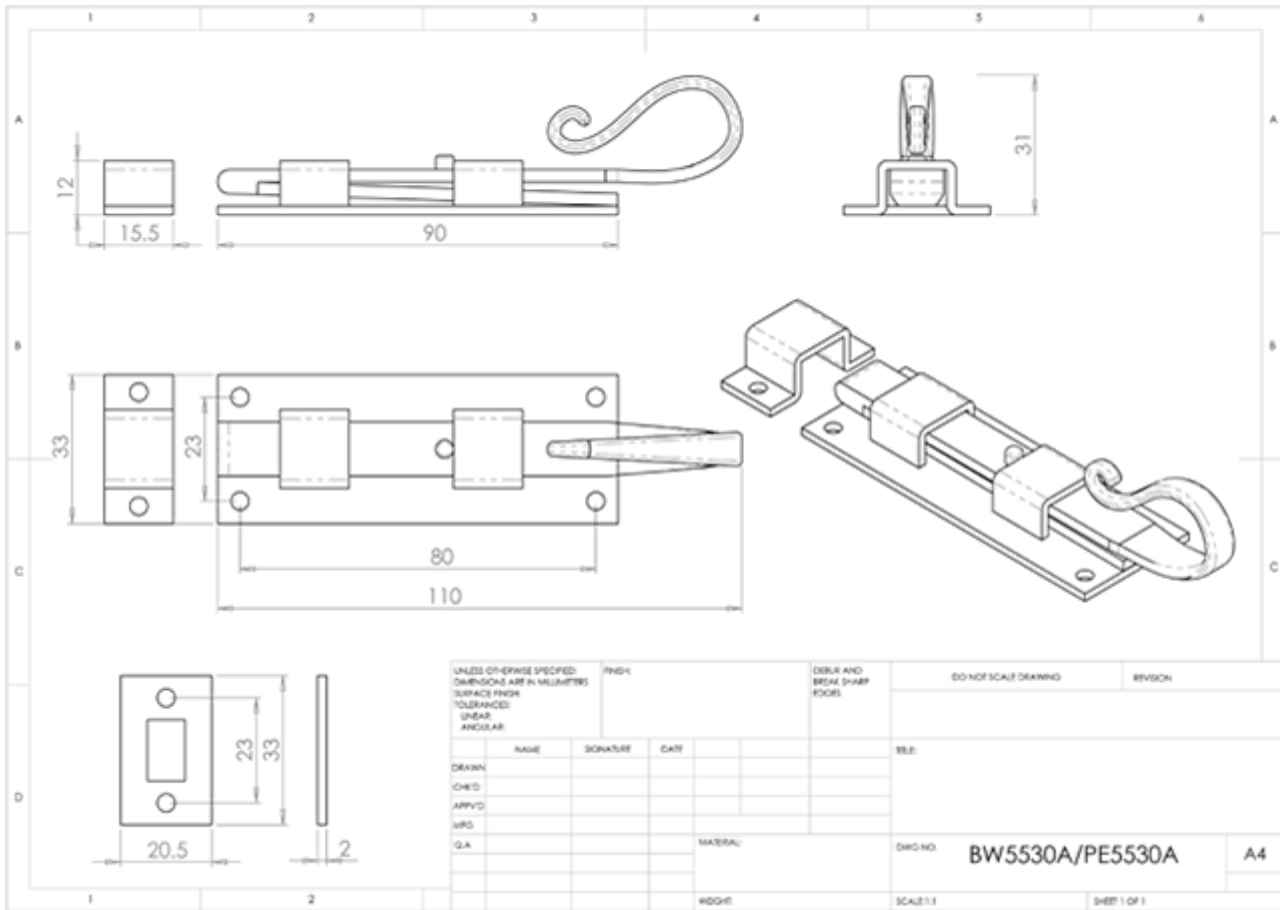

Product Images

Description

A straight style door bolt individually hand forged using traditional blacksmith methods. The upraised formed pull handle is curled in the shape of a shepherds crook giving a positive grip in use. The rustic old fashioned styling is more suitable for period properties. To create this unique finish, it is electro plated and then stove lacquered making it extremely durable both internally and externally. If a natural metal look with a virtually maintenance free finish is required, then this pewter effect is the logical choice. Comes with a 10 year mechanical guarantee. Available in 2 sizes.
