

Iris Lever on Euro Lock Backplate

Product Images

Description

Lever on lock backplate. Euro profile 47.5mm c/c. Plain, shaped backplate with rounded ends. A substantial round bar return to door lever. Intrinsic in the handles shape is the added bonus of it being recognized as a safety feature where it curves into the door and with its smooth lines makes for easy and quick maintenance. A robust handle that will withstand the rigours of a busy environment and will suit both the office and the home. Comes with a 10 year mechanical guarantee and is Fire door rated. Suitable for domestic and commercial use.
