

Floor Mounted Flat Top Cylinder Door Stop - Satin Stainless Steel

AW635SSS

The **Stainless Steel Floor Mounted Flat Top Cylinder Doorstop** with a black rubber stopper. These door stops have a simple and **traditional** cylindrical design that has been created from stainless steel for a **robust and hard-wearing** door stop that is also economical.

Available in a fresh satin stainless steel finish to complement contemporary homes, apartments and office buildings.

The doorstop has a black rubber stopper to avoid markings and indentations on doors.
