

Knurled Kingston Lever on Round Rose

AW240

The Alexander and Wilks Kingston knurled lever door handle on the rose features a modern diamond-cut knurled pattern, against a round silhouette, finished with a plain round rose. This contemporary lever door handle marries round and cylindrical shapes, creating a bold yet uncomplicated statement. This luxurious lever handle finishes off a contemporary design theme beautifully and creates a high-end look for the home. Originating from industrial settings, knurled hardware is aesthetically ultra-modern but also offers a number of practical features including tactile easy grip and resistance to wear and tear.
